*3 of 4 people found the following review helpful. Deep perspective*By David MartinJaworski writes about his experience and perspective as Watergate Special Prosecutor. As he breaks down the details of the investigation, the reasons why this man of remarkable integrity was chosen for this poisonous job become abundantly clear.A steadfast Republican, Jaworski does not let political considerations distract him from his duty.The book concludes with an excellent explanation of why Nixon received Ford's pardon and why Nixon could not and should not have been criminally prosecuted.Although not as entertaining as "All the Presidents Men," it is far superior for it's depth and historical perspective.0 of 1 people found the following review helpful. this book puts the events in great perspective.By sampal1929having lived through those years; this book puts the events in great perspective.1 of 4 people found the following review helpful. Another oldie but goodie.By ALKThis was a present. It was written by a person who was involvedwith investigating Richard Nixon. When Leon Jaworski learned of all thehorrible secrets, he cried...and the nation lost so very muchfrom this crime.

First Edition. Book is in NF condition. Black boards with gilt lettering. DJ is Good Condition, has tiny tears and creases. Part of owner stamp on FEP removed.
